CLARIFICATION: Concourse version numbers

Concourse illustration version is 2.3; Concourse home page version is 2.2. Concourse version number recently communicated as 2.3 is correct.

Clarification: you may have noticed two version numbers -- 2.2 and 2.3 -- when using Concourse? following recent software updates. This is because there are two parts to Concourse:

- **Concourse illustration version is 2.3**
- **Concourse home page version is 2.2**

This means that when you first login to Concourse, you'll still see Concourse 2.2 in the top left-hand corner of the home page.

In addition, if you are downloading software via Canada Life RepNet?, Concourse v2.2 (Jan 2014 full version) dated Jan 02, 2014 is the correct version.
