More than \$30 million
awarded internationally to
help scholars plan for their
futures, improve communities.

"Foresters is proud to present
academic scholarships to 250
dedicated students across
North America and contribute
to their future successes,"
said Tony Garcia, president
and CEO, Foresters.

"Foresters purpose is to
enhance family well-being
and we hope that, by helping
these students focus on their
future, they can continue to
make positive contributions to
their families and
communities."

scholarship recipients.**

Foresters awards 250 Academic Scholarships to Students across North America

Investing in a post-secondary education just got easier for
250 dedicated students across North America thanks to
Foresters², an international financial services provider, which
rewarded their academic excellence and commitment to
volunteerism with a renewable scholarship worth up to
\$8,000 each.

For over 30 years, Foresters Competitive Scholarship
Program¹ has awarded more than 7,500 academic
scholarships to students who share Foresters commitment to
community service and have demonstrated solid academic
performance. In total, Foresters has awarded more than \$30
million (CDN) in financial support of the Competitive
Scholarship Program in Canada, the US and the UK.

Victoria So, one of this year's scholarship recipients, will
begin her 4-year Accounting and Financial Management
program at the University of Waterloo in Waterloo, ON, in the
fall. A passionate volunteer, Victoria has demonstrated
dedication to community service, from meal tray delivery for
her local hospital to helping build playgrounds in her
community. She has taken on various leadership roles in
volunteer activities centred on inspiring children and
improving student life at her high school, serving as a role
model to others.
