September 29th, 2014

### Interface Suite Update - Pending E Apps

We have launched a new version of Interface Suite - version 7.6.0 which will be in effect on October 6th 2014. Please note that by updating your software, any information you have on pending E Apps will be removed. As of **October 6th 2014**, you will be required to update your software and any pending E Apps will need to be reillustrated and entered to secure the most accurate information.

You can access our Interface Suite memo [here](#) , including the link to download our new software.

If you have any questions, you may contact the marketing team at [av-marketing@inalco.com](mailto:av-marketing@inalco.com) or by phone at 604-737-9110.

Sincerely,
