\$750 cash back for clients and a **\$3,000 referral bonus** for you!

Manulife Bank is giving something to your clients - and to you- starting April 21, 2014:

- **\$750 cash back** for clients when they open a new Manulife One account when they open a new Manulife One account with a minimum initial borrowing amount of \$75,000 between April 21, 2014 and July 31, 2014.
- A **one-time \$3,000 referral bonus** for advisors when you complete 10 successful Manulife One referrals between April 21, 2014 and September 5, 2014 ? on top of your standard compensation¹.

Something for you, something for your clients

To qualify for the one-time advisor referral bonus, you need 10 successful referrals within the promotion period. A referral is considered successful when an application is submitted by the Manulife Banking Consultant and approved by Manulife Bank. Your referral bonus will appear on your compensation statement once, approximately one to two months after the end of the promotion period.

To qualify for the cash back, your client's new first position account must be funded during the period April 21, 2014 to end of business on July 31, 2014 with a minimum initial borrowing amount of \$75,000. The \$750 will be deposited directly into their new Manulife One account.
