COVID-19 Update: Extension of student coverage

As the impacts of the Covid-19 pandemic continue, resulting school closures have affected students' school year and their ability to communicate with their school's administration office.

To assist with these added challenges, we are extending coverage for all current students and those who graduated in 2020 age 21-26 from September 1, 2020 to December 31, 2020. Please note that no action is required to qualify for this extension. Validation of dependent eligibility information will be required to further extend coverage beyond December 31, 2020. Student coverage ends once students turn 26 years of age.
